The Diagnosis Conversation: Uncovering $100K+ ROI

CHAPTER 1 OF 2 • High-Ticket B2B Consulting Proposal & Closing Blueprint

Consulting as a Doctor, Not a Pitchman

Prescription without diagnosis is malpractice. Use deep diagnostic inquiry to quantify the cost of inaction before ever mentioning a solution.

FRAMEWORK: THE STRATEGIC DIAGNOSTIC INQUIRY

```
1. Current State: What is the exact operational bottleneck? 2. Financial Impact: How much revenue is lost each month? 3. Desired Future: What does success look like in 6 months? 4. Urgency: Why solve this now?
```

CRITICAL EXECUTION CHECKPOINTS & METRICS:

- [ ] Let the prospect quantify the financial problem
- [ ] Never mention your solution during diagnosis
- [ ] Schedule proposal review call on the diagnostic call

The 6-Figure Value-Based Proposal Structure

CHAPTER 2 OF 2 • High-Ticket B2B Consulting Proposal & Closing Blueprint

Crafting Proposals that Executive Boards Sign Without Hesitation

Frame the proposal around strategic outcomes, risk mitigation, timeline governance, and clear ROI multiples (minimum 5x return).

STRUCTURE: THE 6-SECTION HIGH-TICKET PROPOSAL

```
Section 1: Executive Summary & Problem Diagnosis. Section 2: Strategic Objectives & KPIs. Section 3: Phased Scope of Work. Section 4: Mutual Governance & Timeline. Section 5: Investment Options. Section 6: Mutual Sign-Off.
```

CRITICAL EXECUTION CHECKPOINTS & METRICS:

- [ ] Present 3 investment options (Good, Better, Best)
- [ ] Include client responsibilities and prerequisites
- [ ] Conduct live proposal walkthrough (never email blindly)
